Dear Parents:

Re: _____

This letter is to notify you that, if your child is eligible for free or reduced lunch, he/she is also eligible for free Supplemental Educational Services (SES) this academic year. These services may be provided before school, after school, and/or during the summer. The services will be in addition to the regular instruction that your student receives during the school year.

You may choose a tutoring program available through New Jersey Department of Education (NJDOE) list of approved providers, attached and also found at: <http://education.state.nj.us/ses/2011/?d=&pd=&g=&lang=&do=Appr.ls>. The goal is to help your child increase academic achievement in reading, language arts, and/or mathematics. This notification letter is being sent to you in accordance with the No Child Left Behind regulations. Students are eligible for this program based on reported family income and attendance at a school that is identified as being in need of improvement. Approved service providers have agreed to provide services that are consistent with the instructional program of the district/state. They have also agreed to provide you and your student's teacher(s) information on the progress of your child.

Please note:

As an option, you can enroll with the program Little Falls Township Public Schools has chosen to offer on-site at School #1 through the Passaic County Educational Services Commission, which is an approved provider. These tutoring services will be offered at School #1 from 3:10-4:10, on designated days, for Language Arts Literacy and Math. Classes will begin in November and will be scheduled as applications return. Please fill out the enclosed application and return it to the Office of the Principal by Friday, October 14, 2011. We will then contact you with the details of scheduling.

If you have any further questions, or require additional information, please feel free to contact me at 973-256-1033, Ext. 1102.

Sincerely,

Wendy McNeill
NCLB Coordinator
