February, 2018

The Little Falls Township Public School district is excited to share a new resource with our families and stakeholders. Parents and community members are now able to access curriculum and unit guides for any course and/or grade level through our website.

Our Atlas Curriculum site can be accessed from the District Website (www.lfschools.org) under the "Curriculum" Tab. Select "Little Falls Curriculum Website" then "Browse" (which is located in the top left corner of the page) to be directed to our public curriculum map site. You can also access the site directly using the following link: <https://lfschools-public.rubiconatlas.org/Atlas/Public/View/Default>

Please know that the staff continues to add and update these curriculum maps daily. We hope that this new resource is helpful and informative. If you have any questions or comments regarding the Atlas Public Curriculum Maps, please contact either:

Nicole Dilkes Principal, School No. 3 / Curriculum Coordinator

Tracey Marinelli Superintendent of Schools / Director of Curriculum
