

Hi Friends!

I've been thinking about you and wondering how you have been spending your summer. Did you learn to ride a bike? Did you read a good book? Did you see a new movie? Maybe you learned something new or spent time with close family and friends. I have been a **busy bee**. Your principal and I want to make sure that this is a great school year for you! Whether you are coming to the building or learning from home, whether you are a new kindergartener or a graduating 8<sup>th</sup> grader, we can't wait to

**BE WITH YOU.**

This year our theme is "BE...". Soon, you will get a letter from your principal. In that letter you will find a special paper where you can tell us what you want to **BE** this year. Below are three pictures of me with my special papers and three things I will **BE**. You can use the template that your principal sends you or make your own. Then, you can send your principal your photo. **BE creative!**

Be well,

*Mrs. Marinelli*
